

Brantford Collegiate Institute's Stage and Screen Performing Arts Program SPECIALIST HIGH SKILLS MAJOR Application Package

To be admitted to the BCI-Stage and Screen Performing Arts (High Skills Major) Program, the following must be successfully completed:

- **Application Form**
- **Theatre Resume (see attached for proper format) RECOMMENDED, NOT REQUIRED**
- **Letter from Applicant stating why they are suited for the program (1-2 pages)**
- **1 letter of reference**
- **Interview, if required by selection committee**

Application packages become available in January of each year. They can be obtained from your high school guidance office. Applications are usually due in February along with your course selection packages for the following school year.

A theatre resume is recommended, **however not required** of applicants. Should you choose to submit a resume, list all applicable experience you may have in the areas of performance or production. It is important that you follow the proper format. Please note that a strong background in either area is not necessary for admission into the program.

All applicants must write a letter explaining why they are applying to the program. The letter should clearly state if they are interested in the performance or production stream of the program. It should include the strengths that the applicant will bring to the program, and how the program will help the applicant achieve his or her educational and career goals.

All applicants must submit a letter of reference from a member of the community endorsing their interest in the program (ie. Voice/dance instructor, high school director/teacher, or community employer). It is recommended that this person is knowledgeable about your performance or production experience and that he/she has had experience working with the applicant.

For more information, please feel free to contact either program coordinator:
